AGENDA ITEMS

1. Ballot Position Drawing

Anne Norton provided brief instructions on how the drawing would be conducted, establishing that the low numbered ball would equate to the higher ballot position. Norton explained that the order of the drawing would occur with the Party of the Governor (Democratic) drawing first and then candidates would draw in order of when their petition was filed.

Norton gave those in attendance the opportunity to inspect the bag and balls that would be utilized for the drawing.

First Assistant County Solicitor Cody Kauffman explained that several candidates had petition challenges granted against them. Those rulings were still under the appeal period, so Kauffman asked the Board for direction as to whether positions should be drawn for those candidates. The Board agreed that positions should be drawn for the affected candidates and that, if the objections stood, the candidates would be removed and the order for the remaining candidates adjusted accordingly.

The results of the ballot position drawing are included in the following attachments:

- List A (Countywide)
- List B (Magisterial District Judges)
- List C (City Offices)
- List D (School Districts)
- List E (Municipal Offices)
